- The Complete JavaScript Course 2024: From Zero to Expert!

Sumit Kumar

Frontend Developer

PROFESSIONAL SUMMARY

Diligent and dynamic Front End Development intern with a strong foundation in HTML, CSS, and JavaScript. Proven ability to translate design concepts into responsive and interactive user interfaces. Proficient in version control with Git. Adept at collaborative problem-solving, showcasing a keen enthusiasm for acquiring new skills and delivering high-quality projects.

PROJECTS

1. Lumen5 | ⊕ | 🐙
HTML | CSS3 | JavaScript | Git

- Developed a video creation platform, Lumen 5, utilizing AI to transform text content into engaging videos.
- Implemented features such as responsiveness, slider, navbar animation, and video filter on the grid.
- Integrated user authentication with log-in and sign-up functionalities.
- Collaborated with Git for version control, ensuring efficient project management and codebase maintenance.
- Successfully completed as an individual project within a 6-day timeframe.

2. Calculator | ⊕ | 🐙
HTML | CSS3 | JavaScript

- Designed and implemented an attractive calculator for Masai School.
- Extended functionality to include advanced mathematical operations.
- Utilized CSS3 animations to enhance the visual appeal and user interaction of the calculator interface.
- Successfully completed as a solo project within a 4-day timeframe.

3. Weather Fetcher | Python | 🐙
Python

- Created an individual project fetching weather details of a city using API and libraries.
- Utilized the Open Weather API to retrieve city weather data.
- Implemented a city search feature, enabling users to retrieve weather data for specific locations.
- Successfully completed as an individual project within a 2-day timeframe.

ACHIEVEMENTS

- **Zoom Marathon Challenge ,,**
